EXPERIENCE

OUTLIER AI | NATIVE LANGUAGE AI TRAINER
Jan 2024 – Present | Remote
- Labeled and annotated data to help improve AI models' understanding, ensuring accuracy and quality in diverse tasks.
- Evaluated and validated datasets to maintain high-quality standards, making sure the data met project guidelines.
- Used prompt engineering to create clear and effective instructions, helping train the AI to respond accurately.
- Worked on red team projects to identify sensitive or violation topics, ensuring AI responses were safe and human-like.

INDIAMART INTERMESH | Catalog Associate
Aug 2023 – Dec 2023 | Remote
- Managed and updated product listings, ensuring accurate details for better search visibility and customer experience.
- Reviewed and corrected product information to maintain high-quality standards across the online catalog.
- Assisted in organizing product data, making it easier for buyers to find the right products on the platform.
- Worked closely with different teams to ensure products were correctly categorized and displayed on the website.

BYJU'S | Business Development Associate
Jun 2023 – Jul 2023 | Kolkata, West Bengal
- Built strong relationships with potential customers, explaining the benefits of Byju's learning programs to help them make informed decisions.
- Achieved sales targets consistently by reaching out to leads, following up regularly, and providing tailored solutions based on individual needs.
- Conducted product demonstrations to showcase the features and advantages of Byju's courses, ensuring parents and students understood the value.

NUBIVAGANT TECHNOLOGY | Digital Experience Intern
Dec 2021 – Mar 2022 | Kolkata, West Bengal
- Assisted in designing and optimizing digital content to enhance user engagement across various platforms, ensuring a smooth and enjoyable user experience.
- Collaborated with the team to analyze user feedback and website metrics, helping to identify areas for improvement and implement effective solutions.

PROJECTS

LIBRARY MANAGEMENT SYSTEM
- Developed a user-friendly Library Management System with separate dashboards for admin and students, enhancing usability and efficiency.
- Implemented an SQLite3 database to manage book inventories, user registrations, and lending processes, ensuring efficient data storage and retrieval for seamless library management.

EDUCATION

JIS COLLEGE OF ENGINEERING
BACHELOR OF COMPUTER APPLICATION
Dec 2020 - Jul 2023 | Kalyani, Nadia, West Begal
Passing with an overall CGPA of 8.40

L.N.T COLLEGE, MUZAFFARPUR
HIGHER SECONDARY (SCIENCE - P.C.M)
Aug 2018 - Jul 2020 | Muzaffarpur, Bihar
Passing with an overall percentage of 49.2

SKILLS

Prompt Engineering | Python | Java
HTML | CSS | Web Designing | C/C++
Data Evaluation | Data Validation
Data Annotation/Labelling | Content Writing

TOOLS / SOFTWARE

Git/Github | Figma | Netlify | Slack
Vercel | Canva | VS Code | Hubstaff
Artificial Intelligence | Data Compute

COURSE

AWS Academy Graduate - AWS Academy Cloud Foundations
Prompt Engineering for Everyone
HTML, CSS, and Javascript for Web Developers
